

1 Juniper Street Mount Isa QLD

3 **1** **1**

I am a 3-bedroom home and I am listed to sell - Ideal for the first home buyer.
Although I need some TLC I have 3 good sized carpeted bedrooms with high ceilings and plenty of light, a very large carpeted lounge plus a separate dining/study area.

My kitchen has plenty of cupboard space with an eat in bench and room for a small table and chair setting.
My bathroom has a shower over the bath combination and separate toilet.

Outside is a single carport and there is also a single garage for car security or workshop for fixing and tinkering and still plenty of room for the kids to play in the rear yard.
